CC: "Randi" <thursrlt@telebyte.net>

Your request for a revised HPA to reflect the change in plans & the time extension seems reasonable. Setting a lift box on the beach and using hand tools to disassemble should have minimal disruption of beach resources. Assuming I can find & open Randi's computer files, I will send a modified HPA this week. If I am unable to do so, Randi will return next Monday and be able to assist before your current HPA expires.
